When Tradition meets Modernity

57 series integrates traditional elements with modern design —the catchy gold and silver collide with the calm, matte black and white, giving the product a classic touch without losing its fashionable appeal.

Unlimited Creativity, Have It Your Way.

Different function modules with different colored frames provides unlimited possibilities for your unique switch design, no matter it's to complement a piece of furniture or a wall painting, or to express yourself.

Various Colors, Customize Your Space

No longer limited to plain white or black. Now with 57 series, choose your style and customize your space. The *mysterious black*, *the classic gold*, or *the sleek silver*, all can be combined to add a unique vibe to the space.

Stay Safe with Waterproof and Dustproof Electricals.

Our integrated waterproof design provides multiple layers of protection, ensuring a sealed enclosure that keeps out water and dust. Experience the ultimate safety in electrical usage.

Details matter

Precise structure and selected materials.
Guarantees $\geq 40,000$ times switch life.
And $\geq 10,000$ times plug life.

PC structure

Complete PC materials for all insulating parts, from Bayer, including plates and back housing. Flame and heat resistance. Uniform color, never fade, Anti-UV. Eco friendly.

Silver alloy contacts

Increase contact area to effectively avoid electric arcs and guarantee safe switching on/off.

Integral wiring terminals

Optimized materials and simplified structure.

Child safety lock

PC

PC structure

Environmental friendly

Robust quality, safe to use

By using a unique self-locking mechanism, 57 series rejects any plugs by abnormal objects, and the switches applies the U type spring toggle, faster cutoff in $0.003s$, **50%** shorter than normal switches which decreases arc generation and extends product lifetime. 57 series also adopts silver alloy contacts for better conductivity and efficiency. Resistant to abrasion and anti-oxidant. In addition, the quality PC material ensures a stable and robust structure.
